

February 15, 2018

Dear Woodland Families:

I'm writing to inform you that I have chosen not to return as Woodland's Principal for the 2018-19 school year. This decision was very difficult to make because of how much I care for this building: its students, staff and families. But I made it with my own family in mind, knowing I need to make them a priority right now.

Our school district administrators understand the importance of hiring the very best leader to continue the outstanding work occurring here at Woodland. You'll hear more about the selection of the new principal in the coming weeks.

I am committed to ending the year strongly, helping the staff and students meet the high expectations we have set together. Thank you for entrusting your child to the Woodland staff and for the relationships we have built together. It has been my sincere pleasure and honor to be a part of the wonderful Woodland family.

Respectfully,

Toni Beckler
Principal
